Introduction

I am very blessed to meet with some of the most inspirational people in the world through my website, InspireMeToday.com. My "job" is to gather inspiration and interview amazing people like Sir Richard Branson, Guy Laliberté, Seth Godin, Marci Shimoff, Mariel Hemingway, Gary Vaynerchuk, Debbie Ford, and hundreds more. I leave these interviews inspired and bubbling over with inspiration that I share with my tribe on Twitter.

This book evolved from multiple requests from my followers for me to compile this inspiration. I realized it was necessary for me to create this after several members of our community started making their own books. I was flattered and humbled.

This information doesn't come from me any more than a painting comes from an artist. Rather, I record what I see, hear and feel, and somehow these were born. I'd like to extend my sincere thanks to our Inspirational Luminaries for sharing your wisdom and brilliance with us daily on InspireMeToday.com. We love and appreciate you!

My hope is that this book will bring you hope on days you need it, strength to persevere, thoughts to ponder, tips for success, attitude adjusters, wisdom and blessing. More than anything, I hope it helps you to remember the magnificent, infinite, unlimited being that you truly are.

So enjoy the book! Read one quote a day, read it from front to back, or just randomly pop in from time to time to see the quote you need in that moment--whatever works for you! It is my gift to you, with my love and best wishes for living a blessed and empowered life.

With gratitude, love and hugs,

Gail (a.k.a. @inspiremetoday)

#301: We stumble, we fall, we get back up again. Guess which part is the most important?

#302: Change happens first in our mind, then in our world. Believe it and then you'll see it.

#303: The world needs you to live out your dream, as no one can sing your song or dance your dance quite like you can.

#304: Think good thoughts. Do good things. Be good to the world and to yourself. Easy.

#305: The fact that we share the same fears should unite us, not divide us.
#306: In the midst of constant change, the one thing that remains the same is the essence of who we are and the greater sense of knowing found deep within ourselves.

#307: Bless your enemies. Forgive others and yourself. You can’t swim with an anchor tied to your feet.

#308: Luck isn’t something that happens to you—it’s something you create.

#309: It’s not about who gets there first, but who’s had the most fun on the journey.

#310: On this beautiful day, take time to be grateful, for from that alone, the magic of the Universe will be revealed to you.

#311: Where focus goes, energy flows.

#312: When you can look a coming storm in the face without fear, you have mastered your life.

#313: You touch everyone you interact with in either a positive or negative way. Make it positive.

#314: No matter what it might feel like, know that you are never alone.

#315: Sometimes we need to be reminded that we are spiritual beings having a human experience.

#316: It helps to know that as we go through painful times, we get to choose how to respond to them.

#317: When our burning desire for success is greater than our deepest fear of failure, we have the power to create anything in our life!

#318: What’s happening outside of you is irrelevant compared to what’s happening inside.

#319: Dream incessantly, believe completely, act daily, celebrate continually.

#320: Circumstances can’t affect whether or not you are happy, when your happiness is not dependent upon a reason.
#321: Collaboration is the new black. Competition only exists in our minds. There’s plenty for all of us.

#322: You are the painter of the masterpiece called life, and your attitude is the brush.

#323: If you can see the life of your dreams it tends to show up even faster. Dream it. See it. Live it!

#324: When you can be happy right now, in spite of problems, you’ll find they disappear much more quickly.

#325: Seek knowledge while knowing that all the answers to all the questions are already inside of you.

#326: In retrospect, some of the greatest blessings in my life have come from adversity.

#327: If we could stand in another’s shoes, we wouldn’t be so quick to judge one another ever again.

#328: Rather than rowing your own boat, take action by setting your sails and stepping into the wind. Sail on!

#329: What if all your problems could be solved by one tiny idea? The answer is within--pay attention and listen.

#330: Life is like a trapeze: you have to let go of one place to get to another. Swing, release, catch... swing, release, catch.

#331: Think without boundaries. Dream without limitations.

#332: Be grateful, for from gratitude alone the magic of the Universe will be revealed to you.

#333: The greatest gift you can ever give to others is the gift of just being you.

#334: Inspire others to be their best by first being YOUR best.

#335: Meditate and pray on understanding, not outcome, knowing there is blessing in everything.
Rather than seeking gratification, which is fleeting, create lasting fulfillment instead.

Enjoy the journey, knowing that what appears to be the shortest path isn’t always the best route.

The nutritional choices we make today will directly affect the health of our bodies tomorrow. Choose wisely.

You’ll always find what you’re looking for, either the good or the bad, in any situation... but finding the good is more fun.

Adversity is but an opportunity, not an excuse.

Be present and remember to breathe.

You are a spiritual being enjoying a human experience--part of something so much greater that will live forever.

If you’re going to take the time to do it, do it right the first time.

Never allow the size of your dreams to be limited by what someone else thinks is possible.

Nature is the Universe’s way of making sure we remember the magnificence of who we really are.

When we focus on faith rather than fear, anything becomes possible.

We have a choice to make time for silence to hear God’s whisper, or wait for him to get our attention with a sledgehammer.

If your dreams don’t scare you just a little bit, you’re not playing big enough in the world.

When we give without being asked miracles happen.

Carrying yesterday’s problems with you today is like trying to fly while carrying a sack of rocks.
#351: Not making a choice IS making a choice--and it’s not always the best one.

#352: Don't wait until you lose something to realize how much you have to be grateful for in this moment.

#353: Whether we tell ourselves "Life is hard" or "Life is easy", we'll be right.

#354: Miracles can happen from just sending wishes of loving kindness to another.

#355: To believe is to know in your heart that it's already done.

#356: Rather than telling others how to live their life, lovingly show them by example.

#357: Never let the quality of the music determine the quality of the dance.

#358: Many proudly say they don't fear death, yet live their lives as if they fear living.

#359: When we realize we only have 86,400 seconds each day--and when they're gone, they're gone--it makes us more conscious of the value of time.

#360: Sometimes the lesson is in asking the question, not in finding the answer.

#361: Money doesn't change people, but rather, only amplifies that which a person already is.

#362: The older we get, the greater importance we place on time spent with loved ones.

#363: Negative people present us with an expedited personal growth opportunity.

#364: Our light shines the brightest when we are working on something bigger than ourselves.

#365: Adversity is but a gentle hand to shape you into something greater.
